

Project Supply Recommendation Form

In 2022, Shawnee County 4-H Events Council received a large donation from Capitol Federal Bank from their monthly fundraising program. It has been voted on by the council to use these funds to purchase project supplies that can be made available to check out from the Extension Office. The intention is to create a “library” of supplies to make it possible for 4-Hers be able to try out new projects without a significant upfront investment. Examples of this can include, knitting needles/ crochet hooks, baking pans, sewing supplies, fishing rods, or small woodworking tools. Feel free to get creative and think about items you had to purchase in order to be able to start your projects! Please submit this form and any additional information as necessary to the office (wien@gksu.edu) by February 8th so that purchases can be approved by Events Council.
